Darius,

I'll do that. I sent him an email yesterday but I'll ask him again about it.
Thanks!
Debbie

Deb,

You may want to talk with Mike Bednarz about that, since he prepared the last summary for you. He is one who usually orders the ATSDR reports.

Subject: ATSDR Costs (Nutronics, Inc. Site)

Hi Darius:

I just talked to Tom Krueger about ATSDR costs on removals. He said he thinks you have a way to tell whether money ATSDR spent at a site was funded from a grant or not. Some sort of code that is associated with it. Unless we have a new property owner, we intend to close out Nutronics' unrecovered costs. The 1/9/14 ICS does not include ATSDR costs. Is there a way you can check whether the ICS needs to be run again to include them?

Thanks!
Debbie (3-7632)
